

• CESAR ROSALES

└─• DIVISION II VICE PRESIDENT

Texas Region
Alpha Lambda Xi Chapter
Lone Star College–Kingwood
Houston, Texas

Complete the Circuit. Power PTK with Cesar.

I am a non-traditional student who returned to college after dropping out in my first attempt. I also work full-time as a journeyman electrician at my college. I decided to start taking classes again because I want to make sure that I can provide for my family with my mind more than my body after two motorcycle accidents. These wake-up calls have renewed my motivation to pursue my educational goals. I am determined to take on new challenges, grow personally, and always appreciate the people around me.

• SCHOLARSHIP

Scholarship is the source of our electricity that powers our success.

As VP of Scholarship & Fellowship I had the opportunity to keep our chapter members updated on available scholarships, showing members the variety of scholarships available on our PTK website, and even took time during a member meeting to tour the PTK dashboard and PTK Connect. I also contributed to our chapter's HIA and College Project, and other Hallmark submissions.

• CONCLUSION

Since I was accepted into PTK in Fall 2024, I've been able to make connections with amazing people that have helped me grow out of my shell. As I've grown, I've learned that when things get tough it's ok to ask for help. I am very grateful for these relationships that have supported me on my academic journey and helped me overcome self-doubt and build confidence in my abilities.

I enjoy being able to help others to the best of my abilities or at least help find a solution to their issue. As an International Officer, I will be able to reach many people by sharing my story as inspiration to not give up on their goals and that it's okay to continue your education later in life.
