Your Name:

1. What is your college major?

I have an associate's in business administration from Saint Louis Community College, and a certificate in non-profit management from Washington University. I am now taking classes focused towards personal health.

2. What is your ultimate career goal?

To create a non-profit that focuses on homelessness rehabilitation.

3. What was your primary reason for accepting PTK membership?

My neighbor was a PTK Advisor at the time and showed me videos from 2024 Catalyst in Orlando. I knew I wanted to be a part of a group with that type of energy.

4. What's your go-to "fun fact" during an icebreaker?

My favorite question to ask to break the ice is what everyone's least favorite fruit is. Asking people what their favorite fruit is doesn't say anything, there are too many good fruits.

5. If you could thank your past self for one decision, what would it be?

Saving my money from birthdays. It isn't that it was a good amount of money, but rather that it created a good habit of thinking before I bought items.

6. What's a small, everyday thing that brings you joy?

My morning music. Every day I start the day with an upbeat song. My current favorite is "You Get What You Give" by New Radicals.

7. If you could instantly master a random skill (tightrope walking, speaking fluent whale), what would it be and why?

Being able to guess when a stoplight will change, that feels so powerful.

8. What's your go-to hype song when you want to feel unstoppable?

1v1 me by HalaCG on Spotify. Trust me.

9. What's your favorite way to recharge when you're running on empty?

Sitting outside with a sweet drink. The lack of stimulation allows me to actually rest.

10. What's your favorite tradition – family, personal, or something you invented?

My favorite tradition to upkeep is my special birthday song. Whenever it is a friend's birthday, they will receive a voice note of me singing to them. "happy happy birthday, happy birthday to you, happy happy birthday, I sing this song to you, woohoo"
