BLAKE MORALES

blakem1217@gmail.com

School:

Blake is a student at Schoolcraft College planning to attend a 4 year university. Blake has an interest in environmental biology as well as medicine. At Schoolcraft he is a member of the Honors Scholars program and PTK, serving as VP of Communications and Regional Officer.

Goals:

Blake enjoys his time on campus both in and out of the classroom, with a particular love for a laboratory environment and fieldwork. After completing a Bachelor's degree he plans to attend graduate school to continue his education into a Doctoral degree, either PhD or MD. The ultimate goal is to find a career where he has the capability to improve public health, whether in a lab setting, a hospital or administration.

Recreation:

In his free time Blake can likely be found doing one of three things. Either playing games with his friends, outside on a hike or playing volleyball or volunteering with a local animal shelter/conservatory. Blake is fueled by his desire to grow, whether that is in skills in games, body in recreation or soul in helping the local community.
