

ARNOLD WHITTON- TANGUMA

INTERNATIONAL PRESIDENT

Porterville College
Alpha Chi Mu
Porterville CA

Who am I?

Always prepared to tackle whatever comes his way. He is the one who brings brightness to the battle each day.

A LITTLE ABOUT ME

I love to be able to sing when it means karaoke is involved. The bigger the crowd the more the competition.

My Chapter family!

I am delighted to be part of this chapter and to connect with new people who feel like family. We have evolved from being strangers to individuals who aspire for greater things for our school and our chapter.

WHAT ARNOLD WANTS TO ACCOMPLISH

Nothing excites me more than seeing people improve themselves and aim high. I want to help others reach for their dreams, even when they seem distant. It's just a small step from where you might end up! Get to know me, and I'll share my perspective with you. I believe everyone has a unique purpose. I've been in leadership roles since 7th grade, and although I didn't initially think it was for me, great mentors guided me along the right path. With that, I have learned everyone has their own style and strategies in leadership, which makes each person unique. I aim to bring positive strengths and an open mind to help connect us all and make us stronger together.
