

Samuel Pembele

Division III Vice President

Beta Pi Beta Chapter | Metropolitan Community College | Omaha

Born and raised in Cape Town, South Africa, I learned that being “cut from a different piece” doesn’t weaken your place—it strengthens it.

Coming to the United States as an international student meant leaving home behind, but I chose to embrace every opportunity I’ve been blessed with.

Each leadership role, challenge, conference, and new experience has shaped who I am today.

I move forward believing that, like a mosaic, our unique pieces come together to create something stronger, purposeful, and beautiful!

“Our lives are unique stones in the mosaic of human existence - priceless and irreplaceable.”
